

2024 NATIONAL HEAVY EQUIPMENT SHOW

APRIL 11 - 12, 2024 • MISSISSAUGA, ONTARIO

In April, the Canadian construction spotlight will shine on Mississauga's International Centre as the popular National Heavy Equipment Show (NHES) makes its anticipated return. Held every two years, NHES regularly welcomes over 9,000 attendees from Canada's infrastructure sector, making the two-day event the ultimate destination to explore the latest equipment and reconnect with valued clients.

Equipment Journal, in collaboration with show organizer Master Promotions, is proud to present the official 2024 show guide. This vibrant full-colour guide offers the most effective means to showcase your NHES booth and ensure visitors know which vendors to add to their must-see list.

In addition to show guide distribution to attendees at the event, the publication will be mailed to *Equipment Journal's* extensive list of audited Canadian subscribers, shared via email and published on equipmentjournal.com.

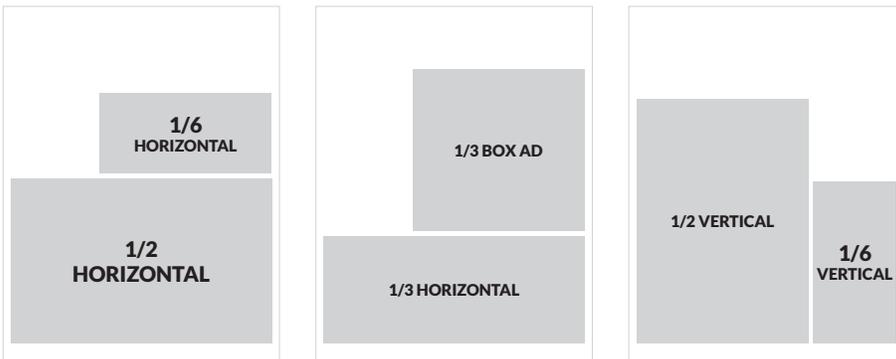

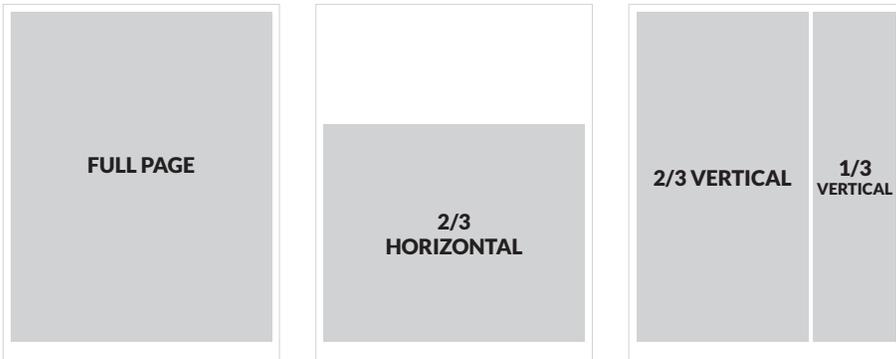

BOOKING DEADLINE:
FEBRUARY 23

MATERIAL DEADLINE:
MARCH 6
